Please confirm receipt of this email and attachment.

Dear Jason,

A review of the timestamped video footage and other inspection documentation led COGCC to discover a typographic error in the NOAV issued to Crestone in October for the Vessels Minerals plugging operation.

Please see the attached correction to NOAV #401440391. The text of both Descriptions of Alleged Violation has been corrected to show the date of the inspection as 9/13/2017 and the date Crestone started using the sealed flowback tank as 9/14/2017.

Note: This typo has been corrected in the electronic record as the NOAV attachment "NOAV Issued". The COGIS - NOAV Report still shows the original (uncorrected) NOAV text.

If you have questions about this correction, please let me know.

Best Regards,
Kira

Notice of Alleged Violation Document # 401440391 has been issued. Please see attachment.

Pursuant to Rule 522.d.(2), the operator must file an Answer to this NOAV within 28 days of its receipt, or a default judgement may be entered. Hard copy answers are filed with the Commission Secretary at the Commission's Denver office and should also be emailed to dnr_cogccenforcement@state.co.us.
