Comment Areas no longer needed for Use, Production, Drilling or Subsequent Operations have not been Reclaimed. Form 4 reporting Interim reclamation complete, site ready for inspection was filed 3/31/16; reclamation work was performed in 2011. It appears that area reclaimed was inadequate and that Vegetation has not been successful.

Corrective Action Install Reclamation in Areas no longer needed for Use, Production, Drilling or Subsequent Operations; including Failed Fill Slopes in revegetation plans; installing appropriate BMPs to Stabilize Areas until Vegetation establishes. Reclamation Activities should be complete by 6/15/2018.
