<p>Inspection #682502206, #675103875 and #682502632 documented that the access road and battery location have not been reclaimed, and required operator to perform reclamation. Additional reclamation activities appeared to have been conducted at the former battery location, however access road remains un-reclaimed. Corrective action and corrective action date remains in place and applicable. This is the 4th inspection requiring reclamation to be conducted. Corrective action and corrective action date remains in place and applicable. This may be referred to enforcement.</p>
