Dear Mr. Rogers:

In answer to your inquiry of July 24, this well has not produced since October 1970, and no monthly production reports have been filed since that time. As of earlier this month, equipment in the well was sold for salvage to Fort Worth Pipe & Supply Company. They have salvaged the equipment, plugged and abandoned the well, and according to information furnished us, filed the plugging affidavit with you.

Very truly yours,

KNIGHT & MILLER OIL CORPORATION
