**General Comment:**

Flowback. Follow up inspection from 12/15/2017 inspection. Personnel trailer was moved away from QTI combustor and stained soil between gate and flowback tanks was cleaned up. Fire extinguisher tags at the tank battery construction welding locations were checked. Two extinguishers had no tags, one was dated Aug 2017 and one Nov 2017. Trash not picked up, signs not on flowback tanks and Bradenhead not plumbed to surface. Another follow up inspection will be done.
