

Kinder Morgan
Reserve Pit Remediation
Mike Hannigan

Job Scope:

Treat soil in reserve pit areas with gypsum.

Labor:	\$4,500.00
Equipment:	\$7,420.00
Materials:	<u>\$6,800.00</u>
Total estimate for this project:	\$18,720.00

This estimate includes working soil 6" deep with a disc, spreading gypsum and integrating into soil with a disc.

This estimate does not include re-seeding of disturbed areas.

Thank you for allowing MVCI Energy Services Inc. to be a part of this project.

If you have any questions please feel free to call.
