

Well File

April 28, 1959

MEMO

To: A. J. Jersin
From: P. J. Pine
Subject: Inspection of P & A well sites.

The following locations were inspected on April 27, 1959:

30-42-59W SESE, Morgan County
No. 1 Huddart, Inland Drilling Company
Surface Plug OK., Reserve and mud pits still full. Rat hole and mouse
hole still unfilled. Location clean of debris.

15-42-59W SESE, Morgan County
No. 1 Cambell, Falcon - Seaboard
Metal cap on surface plug. Location clean & leveled. Reserve pit
drying out.

12-42-59W SESE, Morgan County
No. 1 Kirts, Inland Drilling
Unable to find actual plug due to location being leveled off.
Reserve pit drying out.

19-42-46W NENE, Weld County
No. 1 UPRR Richison, Plains Exploration
Plug covered. Location clean and level except for reserve pit which
was still full of water. Surrounding land under cultivation.
