Location ID: 404096

**Photo 5:** Photo taken from the west end of the pit, facing east. Photo shows pit on location. Form 27 #2086957 required operator to sample and submit results, and close pit. Pit has not been closed or reclaimed, and no records that sample results have been submitted.

**Photo 6:** Photo taken from the west end of the pit, facing northeast. See comments under photo 5.

**Photo 7:** Photo taken from the north end of the location, facing west. Photo shows a ~50 foot “Propane Storage Tank” remaining on the location. Equipment should have been removed in accordance to 1004.a. COAs for form 27 #2086957 also required removal of equipment.

Location ID: 404096

**Photo 10:** Photo taken from the north end of the location, facing north. Photo shows access road has not been reclaimed in accordance to COGCC 1004.a reclamation requirements. Access road appears to be requiring grading and re-contouring to that of the adjacent reference area. Yellow lines indicate the access road's stormwater ditch running parallel to the road (blue line represents top of access road)

**Photo 11:** Continued from photo 10. Photo shows access road has not been graded and re-contoured to that of the adjacent reference area. Measuring stick used to provide topographical visual of the access road. Access road measures ~1.5 feet in height from the ditch at this section of the road
