Greg,

Please use this email chain as consent for the State #1. When I get the actual consent letter, we can attach it and submit it later on – which she said by next week.

Let me know if you have any questions.

Thanks,

Yes, that's fine.

Thanks,  
Deanna

Deanna,

That is fine, not a problem. If it is alright with you and Mr. Lind, I am going to use this email as an initial response for the COGCC, which I can send in your signed consent letter when I receive it.

Please let me know if this is okay with you.

Thank you,

Matt,

I'm out of town until next Wednesday so I will get it printed out, signed, and back to you by the end of next week. Is that OK?

Thanks

Deanna,

I hope you had great holidays!

I am sorry I didn't get this out to you sooner. Attached please find the letter I need signed in order to submit permits to the Colorado Oil and Gas Conservation Commission for the re-entry and re-plugging of the State #1 well. There is a map below, for reference, but the well is located on the south side of CR 70 and between CRs 29 and 31. Please do not hesitate to call, email, or text with any questions.
