Good Morning Parker,

Per the COGCC Bonanza Creek needs to re-enter a previously P&A'd L.F. Ranches #1 well located on your property in the NENE of Section 8, 3N-63W. We would like to come onto your property to do this work in late January/early February.

We will work with you on the final timing, route and all ranch rules that need to be followed prior to entry.

Are you okay with moving forward?
