**RE: COGCC Rule 318A.e.: Proposed Spacing Unit
Colette 7-64-6-SESE Pad: SESE Section 6, Township 7 North, Range 64 West
Proposed Wells: Colette 7-64-8-0263A (Doc #401316706), Colette 7-64-8-0362C (Doc
#401316733)
Weld County, Colorado**

Dear Director Lepore:

Mallard Exploration, LLC (Mallard) is planning to drill the above referenced wells in accordance with the provisions set out in Colorado Oil and Gas Conservation Commission (COGCC) Rule 318A.e. Mallard's Proposed Spacing Unit consists of:

W/2 of Section 8, Township 7 North, Range 64 West
Containing 320 acres, more or less

Mallard has acquired these permits from a previous operator who was not the only owner within the Proposed Spacing Unit and has provided notice to the remaining owners, as required by COGCC Rule 318A.e.(6). Copies of the required notification letters are on file at Mallard's office. In January, 2017 Noble Energy, Inc. ("Noble") filed an objection to the above wellbore spacing unit. Previous operator and Noble were able to come to an agreement whereby Noble withdrew the objection. The required thirty (30) day notice period has elapsed absent the receipt by Mallard of any further objections to their proposal by the owners within the Proposed Spacing Unit for the subject wells.

Enclosed is the Proposed Spacing Unit Exhibit to assist in your review and approval of Mallard's proposed Application for Permit to Drill for the Colette 7-64-8-0263A and Colette 7-64-8-0362C Wells. Many thanks for your attention to this matter.

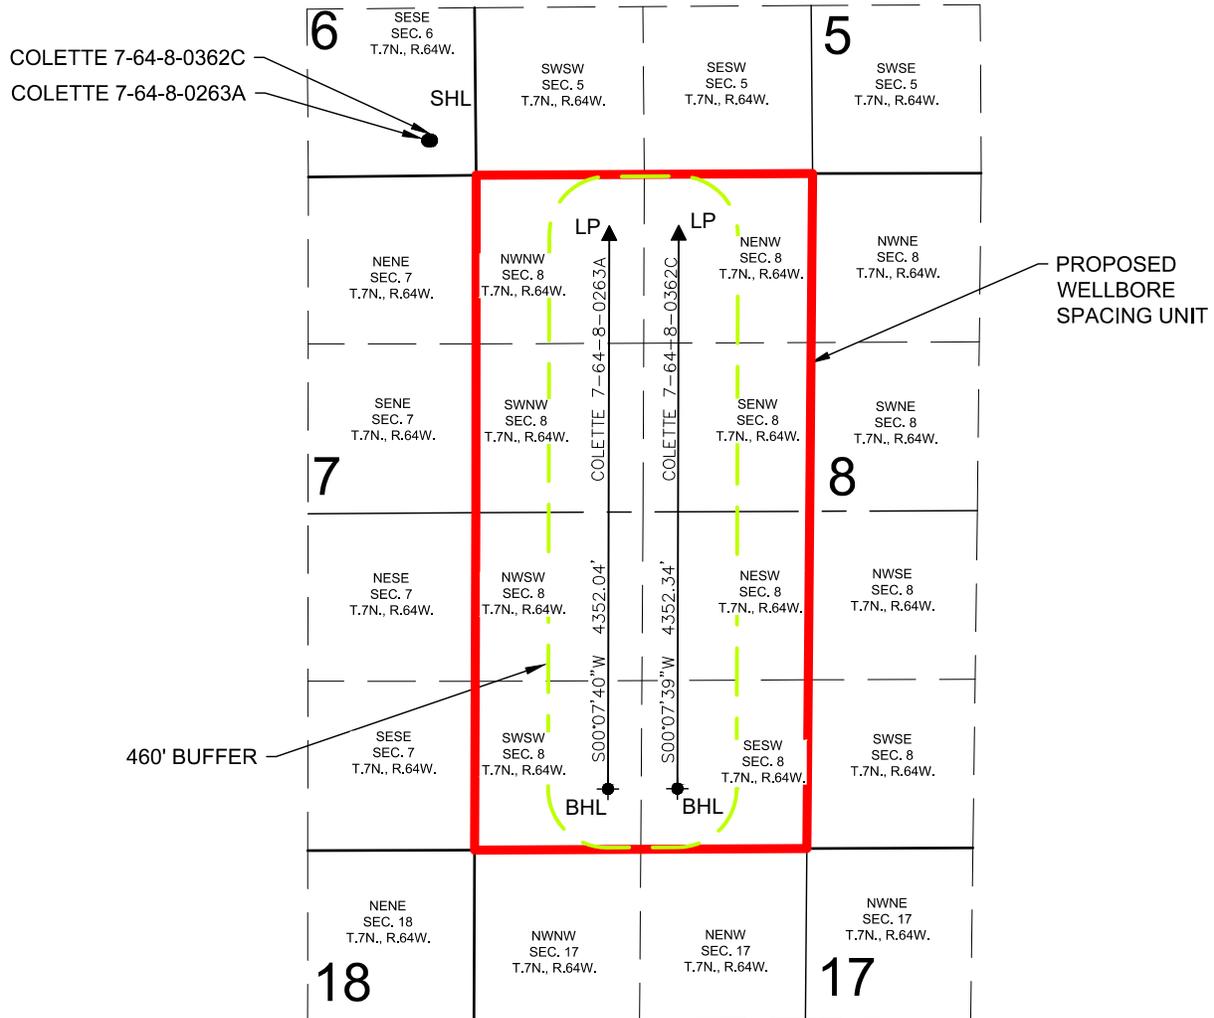

Respectfully,

Justin Garrett
Regulatory Analyst
Agent for Mallard Exploration, LLC
