Looks like I will need to wait till the form 19 is approved to do a supplemental, correct?

Thanks,

Gene VanDeest

Glad to hear!

You can submit a supplemental eForm 19. You can always send in a 19 or 27 supplemental with/for project updates.

starting Friday, I will be off for the next two weeks. my email and phone will have Alex as contact if necessary in my absence.

Kris,

This is understood. And There was a mistake on the form 19 that I finalized, the 33 barrels spilled and 32 recovered is actually supposed to be 80 barrels spilled and 80 barrels recovered. How do I go about correcting this mistake?

Thanks,

Gene VanDeest

HSE Coordinator

Gene,

I discussed with you, continuing the schedule of the soil treatment work while submitting the Form 27.

This is not to imply that the work should be started without an approved Form 27. Wesco would be working at risk without an approved workplan. Please allow 10 days for COGCC to review the Form and Wesco to incorporate any Conditions of Approval.
