Re: Final Reclamation Agreement
Nelson 2-36 (API # 05-125 08234 00)
Township 2 North Range 47 West
Section 36: NE NE
Yuma County, Colorado

Dear Benito and Arlena:

J-W Operating Company (JWOC) is the operator of the Nelson 2-36 Well ("Well"). The Well was spudded on June 19, 2000, and was Abandoned and thereafter plugged on June 21, 2000. A Subsequent Report of Abandonment Form 6 has been filed with the Colorado Oil and Gas Conservation Commission ("COGCC") on October 12, 2000. All associated production facilities and any trash or debris connected to the previous oil and gas operations have been removed from the Well site. You agree that any equipment on or near the site were acquired by you to build and maintain the adjoining corrals and barn.

In accordance with the requirements of COGCC Rules 306.a and 306.f, an on-site review of the planned reclamation of the Well site was conducted by Dan Timmer on December 19, 2017. Reclamation of the Well site and the access road had previously been completed per your specifications. The well site area, shown on Exhibits A and B, has been recontoured to approximate the pre-disturbance land form and is being used as irrigated crop land. JWOC will continue to monitor the reclaimed areas, and monitor for and repair any stormwater issues that may arise in the reclaimed areas until such time as the reclamation criteria, as set forth in COGCC Rule 1001 through 1004, have been met and the COGCC bond release has been approved. Access to the well site uses existing natural gas field roads that extend from County Road N and County Road 37.

You, as the Surface Owner, agree that JWOC has fulfilled the requirements set forth by the COGCC for the abandonment of the wells, including reclamation required under COGCC Rules 1001 through 1004, certify that you are the owner of the surface of the lands upon which the well site and road are located. You understand and agree that JWOC shall have no further responsibility or liability for the reclamation area and any former road. You acknowledge that JWOC had previously complied with your direction regarding the final reclamation of the Well and associated well site. You also acknowledge that JWOC has provided you with a copy of COGCC Rule 1001 through 1004. Your acceptance and acknowledgment of the foregoing does release JWOC from its responsibilities for the plugging of the Well or closure of any pits in compliance with COGCC regulations, nor do you by signing, accept any responsibility or future liability for the same.

If this letter correctly reflects your agreement, please sign and date this letter in the space provided below and return one copy to the undersigned.

Thank you for your time and consideration in this matter. If you have any questions or comments, please call the undersigned at 972-845 2222.

Sincerely,

J-W Operating Company
