Asher,

Based on a review of the information on COGIS maps it appears that there is a constructed well in the SWSW of Section 26 that needs to be addressed before the Sundry can be passed. The water well receipt is 0306738A and the permit number is 155846. Please let me know if you have any information regarding that well.

Thanks,

Arthur

Arthur,

The water well with receipt# 0306738A does not exist in Section 26. It is located in Section 35 (Lat/long 40.27523, -104.41207). Water wells with receipt #s 0359985A and 0306738A are piped into the same location where COGCC sample ID #757258 was collected.

Please let know if you have any further questions. Thanks,

Asher Weinberg
