**Operator Comments:**

After GIS search for available water sources was completed, there were 3 potential Division of Water Resources available water sources on two different properties. After speaking to landowners of both properties, as well as one property visit and well search, it has been determined that there are no available water sources within the search area for this pad and its wells. See available water source search area map, landowner contact forms, and available water source search table attachment.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
