

# MAGPIE OPERATING, INC.

February 12, 2018

Mr. Matt Lepore, Director  
Colorado Oil and Gas Conservation Commission  
1120 Lincoln Street, Suite 801  
Denver, Colorado 80203

**RE: COGCC Rule 318A.a.: Surface Owner Exception Location Request  
COGCC Rule 318A.c.: Twinning Exception Location Request  
Bunker 3A Pad: SENW Section 32, Township 5 North, Range 68 West  
Larimer County, Colorado**

Dear Director Lepore:

Magpie Operating, Inc. (Magpie) is planning to drill 2 horizontal wells on the above referenced pad as follows:

<b>Bunker 3A-1H</b>	<b>2151' FNL 1652' FWL</b>	<b>Section 32-T5N-R68W</b>	<b>Doc #401515069</b>
<b>Bunker 3A-2H</b>	<b>2181' FNL 1653' FWL</b>	<b>Section 32-T5N-R68W</b>	<b>Doc #401515266</b>

The surface locations of Magpie's proposed wells have been staked outside of the Colorado Oil & Gas Conservation Commission (COGCC) Rule 318A.a. Greater Wattenberg Area (GWA) Drilling Window and are being permitted as exception locations. Rule 318A.c. states that any new well is to be located within 50 feet of an existing well. Magpie's above referenced wells are being permitted as exception locations since they are located greater than 50' from the nearest existing well. Currently these wells are located 90 feet from the nearest well. Magpie has obtained written permission from the surface owner by virtue of being the surface owner.

Magpie respectfully requests the COGCC approve the exception location request and Application for Permit to Drill for the wells on the subject pad. Many thanks for your consideration of this matter.

Respectfully,

Justin Garrett  
Regulatory Analyst  
Agent for Magpie Operating, Inc.
