Weld County, Colorado

Dear Mr. and Mrs. Lor:

The Colorado Oil and Gas Conservation Commission (COGCC) has specific guidelines and procedures regarding activities affecting the surface. These rules stipulate an operator must give an affected surface owner notice in writing thirty (30) days prior to drilling an oil and gas well.

Bataa Oil, Inc. (Bataa) intends to begin operations to drill the above referenced oil and gas well at the location described above thirty (30) days from the date of this notice or sooner if your approval to waive the notice requirement is given below. It is your responsibility to notify the tenant farmer, if applicable, of this proposed operation. A Bataa representative will meet with you prior to beginning operations with heavy equipment to discuss the location of the well sites, access roads, production facilities and final reclamation. A brochure describing surface owner rights and responsibilities may be obtained upon request from the COGCC, 1120 Lincoln Street, Suite 801, Denver, CO 80203. Should you have any questions concerning the proposed operations, please contact the undersigned.

Very truly yours,

BATAA OIL, INC.

Colleen Nealy  
Land Manager

I/we waive the notice requirement and hereby authorize Bataa to begin operations upon receipt of the drilling permits from the Colorado Oil and Gas Conservation Commission.
