**RE: COGCC Rule 603.a.(2): Property Line Exception Location Request
Northwest A wells: NWNW, Section 9, Township 1 South, Range 68 West
Broomfield County, Colorado**

Dear Mr. Lepore,

Extraction Oil and Gas, Inc. (Extraction) is planning to drill 8 horizontal wells on the above referenced pad as follows:

Northwest A S20-25-6N	(Doc # 401504530),	Northwest A S20-25-10N	(Doc # 401504490),
Northwest A S20-25-7N	(Doc # 401504531),	Northwest A S20-25-11C	(Doc # 401504524),
Northwest A S20-25-8C	(Doc # 401504532),	Northwest A S20-25-12N	(Doc # 401504528),
Northwest A S20-25-9N	(Doc # 401504533),	Northwest A S20-25-13N	(Doc # 401504529),

The surface locations of the above referenced proposed wells have been staked at a distance less than the required 150 feet from a surface property line per Colorado Oil & Gas Conservation Commission (COGCC) Rule 603.a.(2), which states that a well shall be located not less than 150 feet from a surface property line, and are being permitted as exception locations. Extraction's proposed wells are located between 66 and 94 feet from the property line to the south. These wells are being proposed less than 150 feet from a property line due to an agreed upon location with the surface owner in the Surface Use Agreement (SUA), who is also the encroached upon surface owner. The surface owner has waived all location exception and setbacks under the COGCC, which includes Rule 603.a.(2), in the SUA. Please see the highlighted portion of the SUA on page 8, part (c) attached to the APD.

Extraction respectfully requests the COGCC to review the enclosed information and approve the requested exception location request and Applications for Permit to Drill for these wells.

Sincerely,

Alyssa Andrews
