Response: CA COMPLETED

Date of Completion: 06/06/2017

Operator Comment: Received complaint notification and inspection Form from COGCC at 8 am on 6-6-17. Inspection claims failed sediment tracking system and sediments on road Hwy 7. Hwy 7 was swept/vacuumed on 6-6-17 and the tracking pad on Ocho Pad exit was replaced. See attached photos of both. Great Western does not own or control Monaco Street to the east of Ocho Pad where the pad exits. Monaco Street is not part of our Surface Use Agreement access with the landowner. Thus, we are unable to install BMPs on this road. We will continue to ensure th tracking pad is functioning properly and that any sediment from Monaco Street on Hwy 7 is cleaned up in a timely manner.
