Denver, Colorado 80203

**RE: Rule 306.e. Meetings with Building Unit Owners within a Buffer Zone Setback.
Frye 29-H Pad Pad: SESW Section 29, Township 7 North, Range 67 West
Weld County, Colorado**

Dear Mr. Lepore,

Extraction Oil & Gas, Inc. (Extraction) hereby certifies that it has complied with Rule 306.e, which states that an Operator shall be available to meet with Building Unit Owners who received an OGLA notice or a buffer zone notice pursuant to Rule 305.c. and requested a meeting regarding the proposed oil and gas location. The operator sent notices pursuant to Rule 305.c, and received a phone call from Sammy & Carri Palacio, whom were concerned with the noise that was going to be generated from the location. They were informed that sound walls and an electric rig were going to be used on location which satisfied their concern.

Extraction respectfully requests that the Director approve the wells. Should you have any questions or concerns please contact the undersigned at 720.354-4590.

Sincerely,

A handwritten signature in blue ink, appearing to read "Alyssa Andrews", is written over a light blue circular stamp.

Alyssa Andrews
