Comment: As a followup to Complaint #200401252, complainant called inspector at 10:52 am on 3/13/2018 to say that odors were currently coming from the CIG Latigo plant on CR 38 south of Byers and Deertrail. Inspector was in the area and arrived at the Latigo plant at 11:23 am on 3/12/2018 and also detected odors. Plant was flaring at the time (see attached photo). The previous complaint inspection for this location was referred to CDPHE. Per MA with COGCC, "...overall it is a FERC and DOT regulated facility."

Corrective Action:
