## COMMENTS:

Attention Stan Spencer: Utah Gas Corp requests the administrative closure of Pit #112994. No physical evidence of a pit on location has been discovered based on review of historical records, the COGCC database, review of historical aerial imagery, and site reconnaissance. The COGCC database does have a record of a pit application in 1981 and approved in 1982; however, no record of installation or construction. COGCC inspections (1/28/14 and 6/2/16, doc #673500482 and #675102579) document no indication of a surface pit.
