Ms. Gillette/Mr. Kosola

In reference to warning letter #401459381, Pioneer Natural Resources is responding to the corrective actions referenced in this letter.

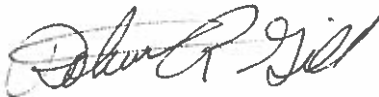

In the attachment Pioneer Natural Resources has listed the Spill Response steps taken directly out of Pioneer Natural Resources Environmental handbook, which is specific to our Trinidad asset.

The compliance plan referenced in the letter are steps followed by Pioneer Natural Resources adhere to rule 906.

Pioneer Natural Resources has also added additional steps identified in this process that will be amended to the existing Environmental handbook for our area.

In conclusion Pioneer Natural Resources would like to make it known that we take spill reporting and its requirements very seriously and the unusual occurrence of this incident is not standard to our operation.

Sincerely,

Robert R. Gill  
Field Operations Manager
