RE: Plugging and Well Reclamation Project Notice  
State #B-1  
API No. 05-075-05083  
SENW – 21, 6N – 54W  
Logan County, Colorado

To Whom It May Concern:

Whiting Oil and Gas Corporation intends to commence work at the above-referenced location. The location has no responsible party liable for the work and is considered an "orphan" location by COGCC. Therefore, COGCC has chosen Whiting Oil and Gas Corporation to perform the work at no cost to you.

As described in Colorado Revised Statue (C.R.S.) 34-60-124(4)(a)(I), the work is intended to mitigate conditions that threaten to cause, or that actually cause, a significant adverse environmental impact on any air, water, soil or biological resource that may be associated with the former conduct of oil and gas operations at the location. A brief description of the proposed work is attached. Procedures are subject to change based on unforeseen conditions observed down-hole or in the field. Generally, plugging activities will be performed in accordance with COGCC Rule 319.a., and surface reclamation activities will be performed in accordance with COGCC's 1000 series rules.

This notice is intended to comply with C.R.S. 34-60-124(6)(a), which states that COGCC is authorized to enter onto any lands or waters, public or private; and, except in emergency situations, the COGCC shall provide reasonable notice prior to such entry in order to allow a surface owner to be present during the work. This notice is also intended to comply with COGCC Rule 305 notification requirements for subsequent well operations (7-day notice) and final reclamation (30-day notice).

Currently, we anticipate that the work will be performed between April 27, 2018 and May 15, 2018. Timing of the work is subject to change pending Whiting Oil and Gas Corporation Staff and contractor availability. You may choose to waive the 30-day notice by printing and signing below. Otherwise, the work will commence no earlier than 30 days from the date of this notice. As the surface owner, you are responsible for notifying any affected tenant of the proposed work.

*Whiting Petroleum Corporation  
and its wholly owned subsidiary  
Whiting Oil and Gas Corporation*

1700 Broadway, Suite 2300, Denver, Colorado 80290-2300 Office: 303.837.1661 Fax 303.861.4023

If you have any questions, Whiting Oil and Gas Corporation's Project Manager for this work, James Kopp, can be reached at 303-357-1410. You may also contact me directly at (303) 357-4028.

Sincerely,

Dusty Tucker  
ROW Manager

Enclosure

I/We hereby waive the 30-day notice period for the work described herein and attached hereto.
