Mark &amp; Justin,

I have reviewed the referenced Form 2A Oil &amp; Gas Location Assessment and have the following comments.

- 1) Colorado Park & Wildlife (CPW) has placed two comments on this Form 2A discussing their concerns with impacts to nearby potential wildlife habitats. The COGCC strongly encourages Bayswater Exploration to contact CPW to discuss their concerns prior to start of construction activities.
- 2) Now that the Public Comment period has ended, please send me a letter certifying Bayswater Exploration's compliance with COGCC Rule 306.e. If any meetings/consultations were requested, please also indicate their outcome.

Please respond to this correspondence by May 30, 2018. If you have any questions, please contact me. Thank you.

Thanks Doug!

We will contact the CPW and will address the Rule 306.e compliance.

Is the party named from the CPW who actually places the comments on the 2A?

Thx

Mark

Mark,

Yes, Brandon Marette with CPW placed the wildlife related comments on the Form 2A.

Doug –

Here is the Op Cert.

I made sure to put this e-mail in the string of earlier correspondence noting that Bayswater will meet with the CPW so that you have both items from your request covered.

Thank you
