General Comments

<u>User Group</u>	<u>Comment</u>	<u>Comment Date</u>
Reclamation Specialist	Approval of the form 4 acknowledges that the Oil and Gas Conservation Commission has received the Notice. It is not an acknowledgement that the reclamation has been passed. A field inspection will be conducted to evaluate compliance with reclamation standards when scheduling allows. A "description of final reclamation procedures" as required in Reclamation Section, when checking the Final Reclamation Complete check box, illustrating that Site has reached the 80% of reference area requirement, would expedite the Inspection process as well as, relevant directions, surface owner & access information.	05/10/2018
