Dear Mrs. Julie Murphy,

Bayswater Exploration & Production, LLC (Bayswater), hereby certifies that it has complied with Rule 306.e, which states that an Operator shall be available to meet with Building Unit Owners who received an OGLA notice or a buffer zone notice pursuant to Rule 305.c. and requested a meeting regarding the proposed oil and gas location. In the Memorandum of Surface Damage and Release Agreement, page 1, second to last paragraph, the Surface Owner has waived all notices as required by the COGCC for issuing APD's and as may be required under provisions of COGCC Rule 305. Bayswater respectfully requests that the Director approve the submitted permits for the East Ault Pad & wells. Should you have any questions or concerns please contact the undersigned at 720-420-5747.
