General Comment:

On May 23, 2018 COGCC SW EPS Jim Hughes conducted an environmental field inspection of the Kinder Morgan YE-7 location as it relates to Remediation Project #98878. Area 145 Reclamation Specialist Catherine Roy and Kinder Morgan Representative Mike Hannigan were on site during this site visit. For the most recent field inspection report of this facility, please refer to document #685200265. Please refer to document #200440461 for more information regarding remediation efforts on this location. This inspection was conducted to determine the current surface condition of the area where the drilling pits existed.

On May 23, 2018 COGCC SW EPS Jim Hughes conducted an environmental field inspection of the Kinder Morgan YE-7 location as it relates to Remediation Project #98878. Area 145 Reclamation Specialist Catherine Roy and Kinder Morgan Representative Mike Hannigan were on site during this site visit. For the most recent field inspection report of this facility, please refer to document #685200265. Please refer to document #200440461 for more information regarding remediation efforts on this location. This inspection was conducted to determine the current surface condition of the area where the drilling pits existed. This well has been plugged and abandoned. Habitat Management personnel were on site spraying herbicide. The remediation project associated with this location involved in-situ chemical oxidant injection to address TPH values above Table 910-1 standards.	hughesj	05/25/2018
