

Photo 1. View of the project area from the northwestern corner facing center.

Photo 2. View of the western portion of the project area from the northwestern corner facing southward. Revegetation is progressing, largely with grasses such as western wheatgrass (*Pascopyrum smithii*), crested wheatgrass (*Agropyron cristatum*), and intermediate wheatgrass (*Thinopyron intermedium*).

Photo 3. View of the northern revegetation area from the northwestern corner facing northeastward.

Photo 4. View of the southern revegetation area from the southwestern corner facing eastward.
