Re: Exception Location Requests to COGCC Rules 318A.a & 318A.c.:
Rinn Valley East Pad wells: SWSE, Section 17, Township 2 North, Range 68 West, Weld County, CO

Dear Ms. Murphy,

Extraction Oil & Gas, Inc. (Extraction) is planning to drill the following 8 horizontal wells:

Rinn Valley East N17-20-1C	(Doc # 401631310),	Rinn Valley East N17-20-5N	(Doc # 401631741),
Rinn Valley East N17-20-2N	(Doc # 401631382),	Rinn Valley East N17-20-6N	(Doc # 401632009),
Rinn Valley East N17-20-3N	(Doc # 401631623),	Rinn Valley East N17-20-7C	(Doc # 401632108),
Rinn Valley East N17-20-4C	(Doc # 401631682),	Rinn Valley East N17-20-8N	(Doc # 401632183)

The surface locations of Extraction's proposed wells have been staked outside of the COGCC Rule 318A.a. Greater Wattenberg Area (GWA) Drilling Window. Under the COGCC Rule 318A.c. any new twinning well is to be located within 50 feet of an existing well. The proposed Extraction wells listed above are not within 50 ft of an existing well. The surface owner has waived Rules 318A.a. & 318A.c. in the SUA, highlighted on page 6 of the SUA attached to the APDs.

Extraction respectfully requests the COGCC to review the enclosed information and approve the requested exception location to rule 318A.a & 318A.c. for the Applications for Permits to Drill for the wells on the subject pad. This is the best location for the wells due to the land owner's preferences and the location proximity to Andarko's pipeline, which still maintains gas processing capacity.

Sincerely,

Kelsi Welch
