[Nature of complaint: Odors](#)

[Field Inspector Actions:](#)

[On 6-16-2018, I observed the COGCC was receiving some complaints of odors from the Erie area. The complaint stated the odors were coming from what they thought was the Extraction, Coyote location.](#)

[On 6-17-2018, I attempted to contact the complaints in reference to the odors they were experiencing which they perceived as coming from the Coyote location. I went to the Extraction Coyote location and I observed that there were no personal or equipment on location. I called Extraction and they indicated they had completed the fracking operation on 6-15-2018. I drove through the neighborhood of the complainants and I did not detect any odors at the time I inspected the area.](#)

[No violation of COGCC rules were observed at the time of the inspection of the frack operation nor in the surrounding neighborhood.](#)

[All information reviewed and site inspection information were submitted to the complaint specialist for further review.](#)
