OPERATOR COMMENTS AND SUBMITTAL

Comments

Confluence is aware of the Weld County WOGLA and will resubmit the necessary paperwork for that permit prior to construction. The current location was disturbed by 70 Ranch for industrial lots.

This 2A is being amended due to the well count on this pad increasing from 8 to 13 and revised facility/equipment counts.

No Interim Reclamation is currently planned as the location has been previously disturbed and will be developed for industrial uses. There is minimal disturbed vegetation on the location.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct and complete.
