"The Greater Wattenberg Area ("GWA") is defined to include those lands from and including Townships 2 South to 7 North and Ranges 61 West to 69 West, 6th P.M. In the GWA, operators may utilize the following described surface drilling locations (GWA windows") to drill, twin, deepen or recomplete a well (GWA well") and to commingle any or all of the Cretaceous Age formations from the base of the Dakota Formation to the surface.

- (1) A square with sides four hundred (400) feet in length, the center of which is the center of any governmental quarter-quarter section ("400' window").

The Goltl East wells were staked East/Southeast of the defined (400') window. As this location was staked with your consent and approval, Crestone respectfully requests your consent to an exception location for these wells by waiver of the COGCC Rule 318A a (1).

If this meets with your approval, please sign, date, and return to me as promptly as possible.

THE UNDERSIGNED SURFACE OWNER HEREBY WAIVES RULE 318A a (1) AS IT APPLIES TO THE SURFACE LOCATION OF THE GOLTl EAST WELLS (13 Wells) AND APPROVES THE SURFACE LOCATION OF THE WELLS AS NOTATED ON PAGE 1 ABOVE
