Dear Director,

Please let this letter serve as a request for administrative approval of exception locations for the captioned oil and gas well(s).

Rule 318A.a requires surface locations within a square with sides four hundred (400) feet in length, the center of which is the center of any governmental quarter-quarter section ("400' window"); or within a square with sides eight hundred (800) feet in length, the center of which is the center of any governmental quarter section ("800' window").

Crestone Peak Resources proposes to drill the above referenced well at a surface location outside a legal drilling window as defined by Rule 318A.a. These wells were located outside of the GWA Window due to a negotiated SUA with the surface owner. A signed waiver of Rule 318A.a by the surface owner is being submitted.

Thank you for your assistance in this matter. Should you have any questions or comments, please contact me at (720) 410-8487.

CRESTONE PEAK
RESOURCES

Sincerely,

CRESTONE PEAK RESOURCES
