

Map of Cascade Creek 604-12-13 showing well locations, production status, and survey data. The map includes a central green-shaded area representing the well field, with various well names and codes (e.g., CC Federal 0697-03-04W, CC Federal 0697-03-07W) labeled. A red line indicates a 1/2 mile distance. A scale bar shows 0 to 3000 feet, and a north arrow is present. A legend explains the symbols: purple dots for active production wells, red dots for yellow halo at surface, green dots for wells permitted but not drilled, and red dots with a white halo for wells permitted but not drilled. The map also shows surrounding areas like Cascade Creek 604-12-13, Cascade Creek 604-12-13, and Cascade Creek 604-12-13.
