Dear Ms. Murphy,

(Extraction) hereby certifies that it has complied with Rule 306.e, which states that an Operator shall be available to meet with Building Unit Owners who received an OGLA notice or a buffer zone notice pursuant to Rule 305.c. and requested a meeting regarding the proposed oil and gas location. Extraction sent notices pursuant to Rule 305.c and received one request for consultation concerning the proposed operations from Charles Constance, a building unit owner within the Buffer Zone setback, on May 5, 2018. Extraction met with Charles to discuss questions he had regarding the access route and point into the site. Extraction respectfully requests that the Director approve the wells. Should you have any questions or concerns please contact the undersigned at 720-557-8300.

Sincerely,
