Subject: Project

To: COGCC Field Inspection Report <jimo.hughes@state.co.us>

Hi Jim

Just an update of what is happening.

We started rototilling the farming area.

Bill Clark (with A Plus) came up from Farmington to look at Well #7 because of the oil in casing. It was mentioned in the Inspection Report. He will bring a Crew up to seal off well again. It was cemented when abandoned, but apparently he feels like it failed. Not sure when he will be able to do that.

We plan on getting started again with digging in the next couple of weeks.

Take Care

Sherry Schutz
