Dear Sir:

As per our phone conversation this date regarding your status as the new operator for the No. 1 and No. 2 Yeamans wells, we are sending you bond forms, designation of agent forms, and OGCC Form-10 to show a change in operator from the Delta Petroleum Co. to your name as the new operator.

Please be advised that when you begin producing these wells, a monthly production report, OGCC Form-7, must be filed each month.

We urge your prompt execution of these forms, as required by law.

If you have any questions about any of these matters, please advise.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

James A. McKee, Associate Petroleum Engr.
