**General Comment:**

This is a Reclamation Inspection for PA Well API#103-09161, a Follow Up to Insp Doc680102201 Dated 8/3/17. Well was Spud 5/31/1984 by Diamond Back Drilling; Plugged and Abandoned 6/15/2012 by Bayswater. Inspection was conducted (at Operator request) to evaluate progress of Final Reclamation at Location since the 2017 Inspection. Hopefully, this will help Operator understand, measure and better self evaluate numerous Locations they have in Final Reclamation Process.

Comment: [The various pieces of Debris and Concrete waste pile have been removed from site and Weeds were not noted in current Inspection; beyond this, Location is not much progressed since 2017 Inspection. Location & access road have not been re-contoured or seeded. Disturbance created by removal of Concrete will be addressed by Reclamation activities that Operator indicated were scheduled for Fall 2018. Refer to Photos attached.](#)
