Dear Director Murphy:

Crestone Peak Resources Operating LLC (CPR) is planning to drill the above referenced well in accordance with the provisions of COGCC Rule 318A.e.(6). CPR's proposed spacing unit configuration consists of:

Township 2 North, Range 67 West

SENE, E/2SE/4 of Section 8; E/2E/2 of Section 17; SWNW, W/2SW/4 of Section 9; W/2W/2 of Section 16  
Containing 560 acres, more or less for the Niobrara and Codell formations

CPR is not the only owner within the proposed spacing unit, and as such provided notice to the remaining owner(s) within said proposed spacing unit as required under COGCC Rule 318A.e(6). The required thirty (30) day notice period has elapsed absent the receipt by CPR of an objection to said proposal by the owner(s) within the Proposed Spacing Unit for the subject well.

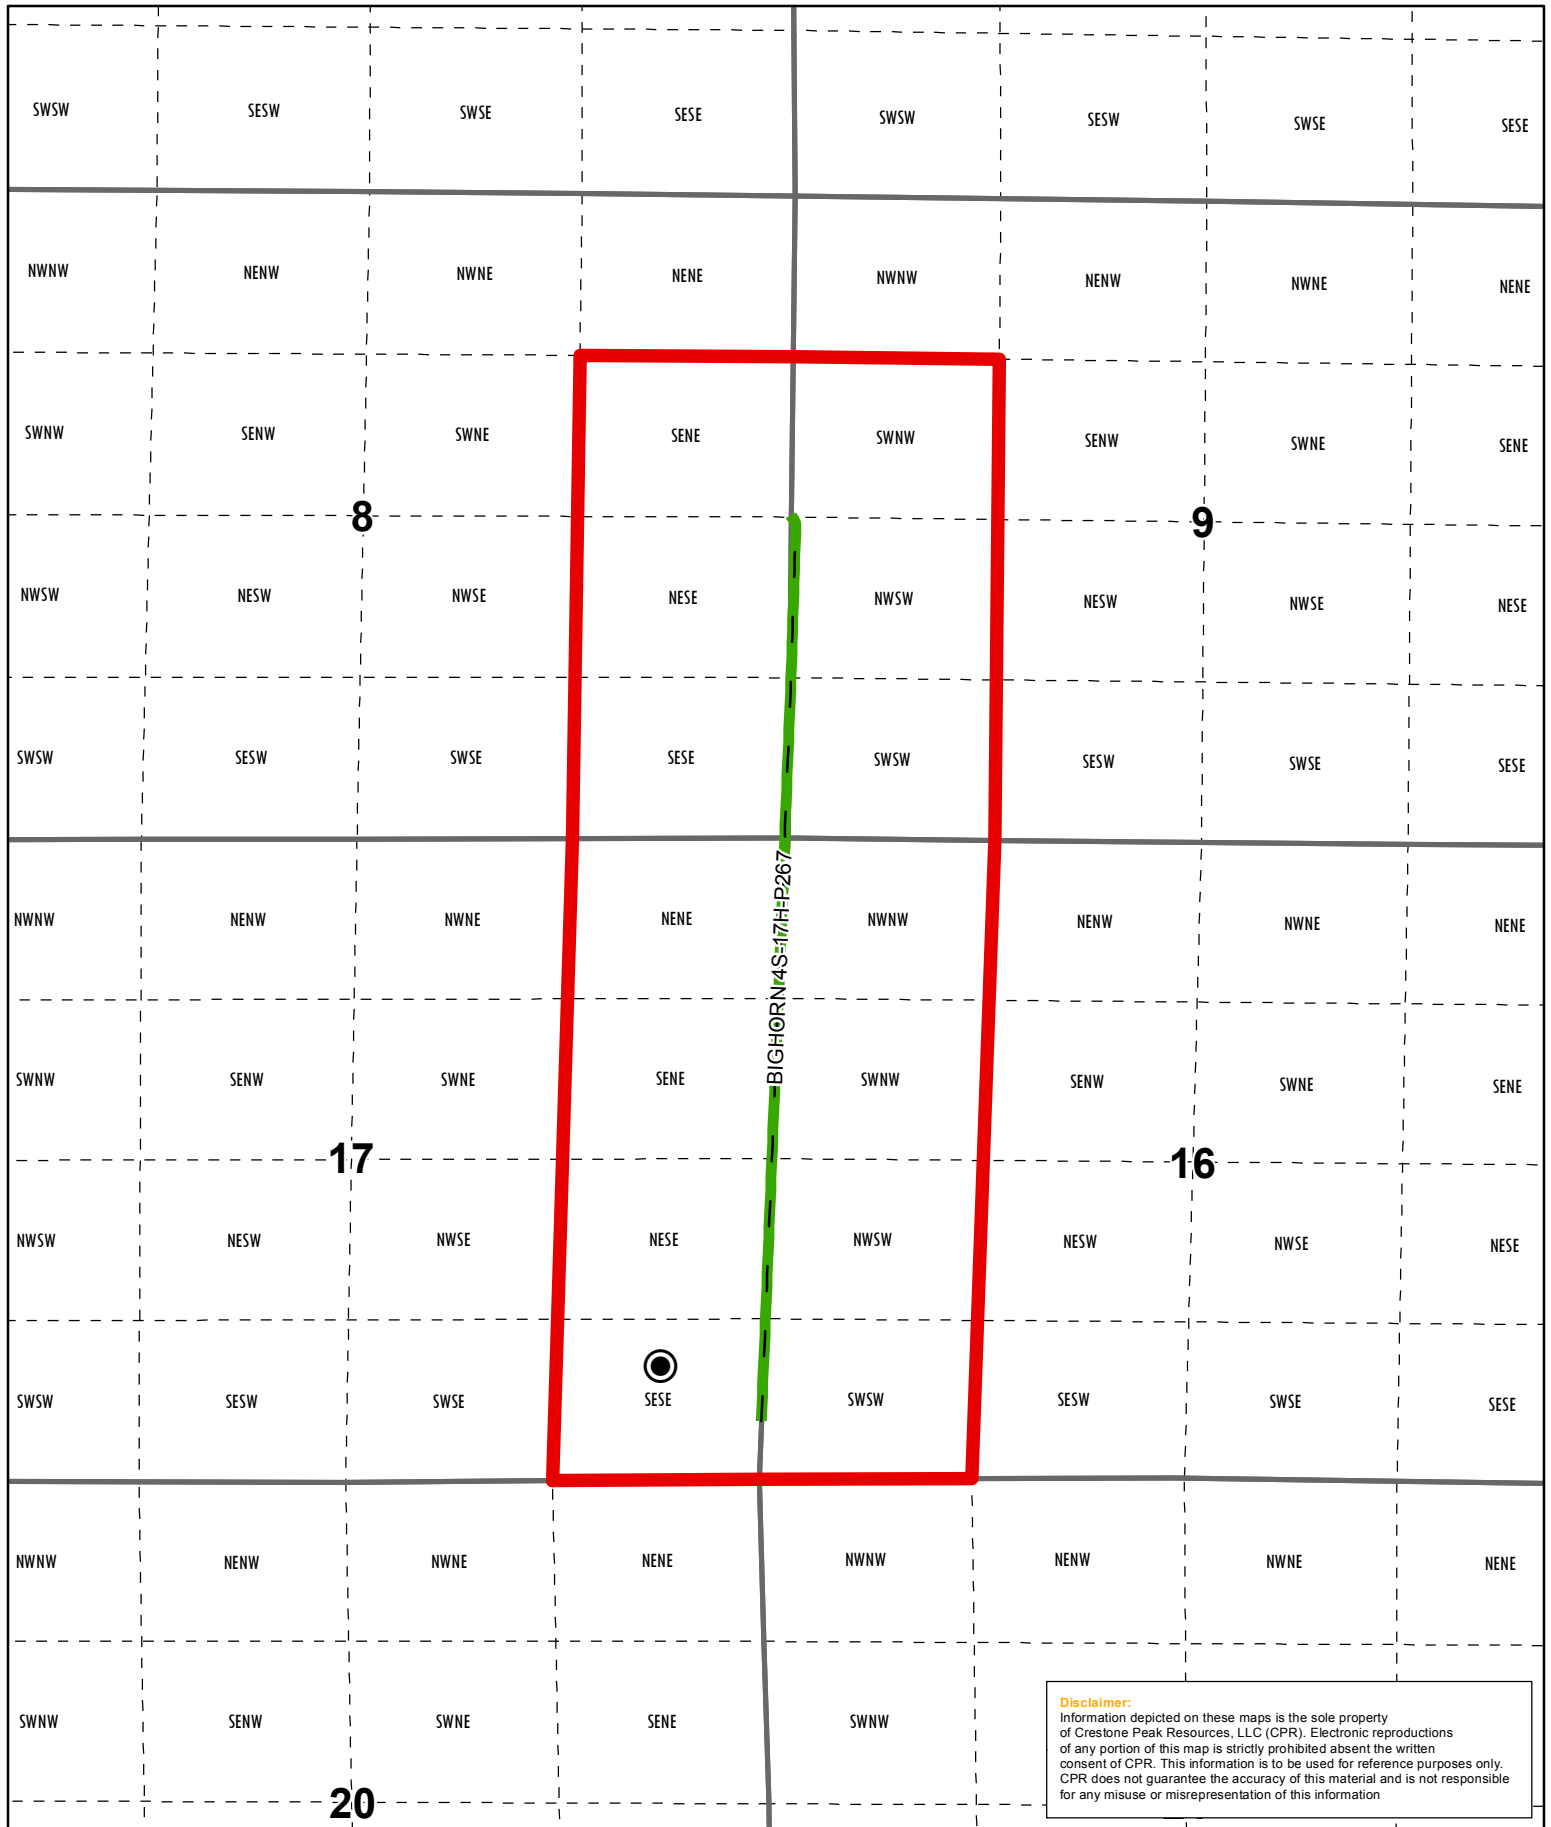

Enclosed is a copy of the map illustrating the proposed wellbore spacing unit to assist you in your review of the Application for Permit to Drill for the Bighorn 17H-P267 Pad Wells.

CPR requests that the COGCC review the enclosed information and approve the Application for Permit to Drill for the captioned well. Many thanks for your time and attention to this matter.

Respectfully,

Erin Lind
