**General Comment:**

Followup inspection to closure of REM#5945, Pit # 277099. Pit was reported in compliance w Table 910-1 and approved for closure. Pit has been backfilled and surface regraded to natural contours, tilled, and apparently hydro seeded/mulched. New tank battery with 1x300 bbl plus 1x400 bbl ASTs has been installed in HDPE-lined, steel SPCC. Follow up inspection by Reclamation recommended.
