This Agreement sets forth the Parties' rights and obligations regarding the relationship between the development of the Property by Surface Owners and Operator's operation and development of its oil and gas leasehold estate on the Property, such rights and obligations to be binding upon the Parties' and their successors and assigns.

**Agreement**

NOW, THEREFORE, for and in consideration of the sum of \_\_\_\_\_ and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by Surface Owners, the parties hereto agree as follows:

1. ***Consideration.*** For and in consideration of the uses of the Property set forth herein and any and all necessary and reasonable damages caused by Operator and related easements granted to Operator under this Agreement; Operator has agreed to provide compensation to Surface Owners as described in that certain Letter Agreement entered into by and between Surface Owners and Operator, dated February 17th, 2018. Consideration shall be paid to Surface Owners no less than thirty (30) days prior to commencement of earthmoving operations on the Well Site (as defined below).

2. ***Grant of Easement.*** Surface Owners shall grant Operator, Operator's third-party designees, contractors, vendors, employees and other third-party personnel, a perpetual easement and right-of-way for access, construction, operation, maintenance, removal, reclamation and use of One (1) Access Road (the "Access Road") and One (1) Well Site (the "Well Site"); and together with the Access Road, the ("Subject Well Site") for all oil and gas uses, development, operation and production and other related materials and equipment on the Property, as well as necessary and perpetual easement to install, build, construct, operate, access, maintain, upgrade, downgrade, remove and access utility lines, fiber optic cable,

Operator's Easement shall include the right to drill, complete and produce wellbores under and through the Property to locations off of the Property from the Well Site. Any wellbores drilled from the Well Site may be drilled in a manner deemed reasonable by Operator and in a manner that is consistent with the rules and regulations of the Colorado Oil and Gas Conservation Commission ("COGCC"). Operator shall pay Surface Owners for Pipeline Right-of-Way. Pipeline Right-of-Way granted to Operator will be a permanent right-of-way consisting of a width of 50 feet, that being 25 feet on each side of the centerline of the first installed pipeline on the Property for the purpose of accessing, installing, maintaining, upgrading, changing, removing, operating and replacing pipelines and above-ground appurtenances. Operator will have the option to delineate the Pipeline Right-of-Way in the form of an as-built survey plat and record the same in the public records of the county where the Property is situated.

Additionally, Surface Owners hereby waive the Greater Wattenberg Area (GWA) special well location, spacing and unit designation requirements of the COGCC, including without limitations the provisions and allowed waivers under COGCC Rules 318A.a and 318A.c. Surface Owners agree to give notice to and consult with all tenant farmer(s), lessee(s) or other party or parties that may own an interest in crops or surface improvements that could be affected by any of Operator's proposed or reasonably foreseeable operations.

**7. Governmental Proceedings.** Surface Owners shall not oppose Operator in any agency hearing or meeting, nor shall Surface Owners object to any of Operator's Operations on the Easement in any governmental proceeding, including but not limited to the COGCC, state, county, local jurisdiction or other governing body proceedings, related to Operator's operations on the Property, including but not limited to: Well Sites, well heads, oil and gas facilities, access, utility or pipeline location setback and

positioning or any other drilling operations provided that Operator's position in such proceedings is consistent with this Agreement.

9. **Termination.** This Agreement shall automatically terminate and be of no further force and effect at such time that Operator's oil and gas leasehold estate expires and Operator has plugged and abandoned all Wells owned all or in part by Operator and pursuant to the requirements of all applicable oil and gas leases pertaining to removal of equipment, reclamation and cleanup.

10. **Release of All Claims.** Surface Owners accept payment and consideration described in Section 1 as full consideration and final settlement and satisfaction for any and all detriment, depreciation, injury or damage of any nature to the Lands or growing crops thereon that may occur as a result of Operator's drilling and completion operations on the Property and its continuing activities for the production and/or transportation of oil, gas, or other hydrocarbons or products associated with such operations and activities including, but not limited to: surface use, access, wellhead equipment, above-ground temporary water pipelines, utilities, fiber optic cables, separators, tank batteries, metering and measurement equipment, pipelines, gathering lines, flowlines, pipeline interconnections, and any and all other reasonable and customary uses of land related to said operations, uses or activities.

This Agreement shall not be amended, except by written document signed by all Parties.
