- 3.4 Counterparts and Separate Assignments. This Assignment may be executed in multiple counterparts, each of which shall for all purposes constitute one and the same instrument; provided, that, to facilitate recordation, in any particular counterpart portions of the Exhibits and Schedules attached hereto which describe Property situated in states and counties/parishes other than the state and county/parish in which such counterpart is to be

recorded may have been omitted. Where separate assignments of Property and related documentation on official forms have been, or will be, executed for filing with and approval by state or federal agencies in accordance with requirements of governmental regulations to transfer the Property to ASSIGNEE, any such separate assignments and official documentation (a) shall evidence this Assignment and the assignment of the applicable Property herein made, and shall not constitute any additional Assignment or assignment of the Property, (b) are not intended to modify, and shall not modify, any of the terms, covenants and conditions, or limitations on warranties set forth in this Assignment and are not intended to create and shall not create any representations, warranties or additional covenants of or by ASSIGNORS to ASSIGNEE, and (c) shall be deemed to contain all of the terms and provisions of this Assignment, as fully and to all intents and purposes as though the same were set forth at length in such separate assignments.

- 3.5 Alternative Dispute Resolution. It is agreed, as a severable and independent arbitration agreement separately enforceable from the remainder of this Assignment, that if the Parties are unable to amicably resolve any dispute or difference arising under or out of, in relation to or in any way connected with this Assignment (whether contractual, tortious, equitable, statutory or otherwise), such matter shall be finally and exclusively referred to and settled by mediation or arbitration in accordance with the alternate dispute resolution provisions set forth in Section 11.3 of the Purchase and Sale Agreement, the terms and provisions of which are incorporated by reference herein.

- 3.8 Severability. If any provision of this Assignment is found by a court of competent jurisdiction to be invalid or unenforceable, that provision will be deemed modified to the extent necessary to make it valid and enforceable and if it cannot be so modified, it shall be deemed deleted and the remainder of the Assignment shall continue and remain in full force and effect.
- 3.9 Subsequent Assignments. If ASSIGNEE sells, transfers or assigns all or a portion of the Property, (i) the Purchase and Sale Agreement and this Assignment shall remain in effect between ASSIGNEE and ASSIGNORS as to the Property regardless of such sale or assignment (and ASSIGNEE will remain obligated thereunder), and (ii) ASSIGNEE shall require its successors and assigns expressly to assume its obligations under this Assignment and the Purchase and Sale Agreement, to the extent related or applicable to the Property or portion thereof acquired by them. Any assignments in violation of this provision shall be null and void.
