Hi Paul,

Thanks for the phone call. As we discussed, once you have everything submitted to the COGCC and they have approved your revised Form 27, from the surface owner's perspective we are fine with you starting to backfill and finishing the remediation process. I'm cc'ing Chris Canfield in this message so he knows you and I have discussed this. Once you have a copy of the approved Form 27, if you wouldn't mind sending me a copy, that would be appreciated.

Thanks again,

Jason Elkins, P.E. | *Civil Engineer II*
