Dear Director Murphy:

Crestone Peak Resources Operating LLC (Crestone) is planning to drill the above referenced wells in accordance with the provisions of COGCC Rule 318A.e(6). Crestone's proposed spacing unit configuration consists of:

Township 2 North, Range 67 West
W $\frac{1}{2}$ W $\frac{1}{2}$ of Section 2
E $\frac{1}{2}$ E $\frac{1}{2}$ of Section 3

Containing 320 acres, more or less for the Niobrara and Codell formations

Crestone is not the only owner within the proposed spacing unit, and as such provided notice to the remaining owner(s) within said proposed spacing unit as required under COGCC Rule 318A.e(6). The required thirty (30) day notice period has elapsed absent the receipt by Crestone of an objection to said proposal by the owner(s) within the Proposed Spacing Unit for the subject wells.

Enclosed is a copy of the map illustrating the proposed wellbore spacing unit for each well to assist you in your review of the proposed Applications for Permit to Drill for the Echeverria 2C-2H-D267 and Echeverria 2D-2H-D267 Wells.

Crestone respectfully requests that the COGCC review the enclosed information and approve the Applications for Permit to Drill the captioned wells. Many thanks for your time and attention to this matter.

Respectfully,

Erin Lind
