<p>On August 24, 2018 COGCC SW EPS Jim Hughes conducted an environmental field inspection of the BP Streeter B #1. For the most recent field inspection report of this facility, please refer to document #680601799. This site visit was in response to Spill/Release Point ID #457125, discovered on 8/23/18. For more information regarding this release of produced water, please refer to Initial Spill/Release report document #401744320. Underground utilities had just been marked in preparation for excavating the damaged water gathering line. An approximately 2' by 3' hole existed near the meter run where it appeared that water day lighted. The area was wet and evidence of sample collection remained.</p>	hughesj	09/05/2018
