Subject: Form 4 Sundry Notice – Left Hand 3-65 13-18 2AH, 2BH, 2CH, 2DH

Dear Mrs. Aldrich:

To aid in the submittal of a Form 4 Sundry Notice, please accept this letter as record of APTIM's attempts to contact landowners in possession of water wells located within 1 mile of the proposed Left Hand 3-65 13-18 2AH, 2BH, 2CH, 2DH location (Location) to meet the requirements for baseline water monitoring as part of the Colorado Oil and Gas Conservation Commission (COGCC) Rule 609 and the Adams County MOU. The below is a summary of actions taken to contact landowners having qualifying water wells within 1 mile of the Location:

August 15, 2018 – Requests to participate in the baseline groundwater sampling activities sent to landowners having permitted wells within 1 mile of the location via FedEx.

- Harry D. Richardson, well permit numbers 556-WCB and 12323-F
- Hertal Properties LLC, well permit numbers 12321-F and 12322-FR
- L and S Capital LTD, well permit number 21823

FedEx delivery confirmation was received within 1 week for all sample notification packages with the exception of Hertal Properties LLC which did not accept delivery of the sample notification packages. No indication of a desire to participate in a baseline water sampling program was received by APTIM prior to the Location's spud date from the landowners listed above.

Due to the lack of responses from the landowners having wells located within 1 mile of the Location, it is recommended that a Form 4 Sundry Notice be prepared for the Location and submitted to COGCC for their approval. If you have any questions regarding this letter please don't hesitate to contact me at 303-741-7052.

Sincerely,
