## SUNDRY NOTICES AND REPORTS ON WELLS

## INSTRUCTIONS

Notice must be given to the Director, and approval obtained in advance of the time when the owner or operator expects to recomplete or abandon a well or to change plans. Within thirty (30) days after recompletion, change of plans, or remedial work, a detailed report of the work done and the results obtained shall be submitted on this form in duplicate for wells on Patented and Federal lands, and in triplicate for wells on State lands. In work that affects only rods, pumps or tubing or other routine work such as, but not limited to, cleaning out to previous total depth, no report is necessary.

## (DETAILS OF WORK)

We propose to plug and abandoned this well as production had declined to where it was uneconomical to continue operations and well was shut down 7/17/67 after testing no oil and 60 BWP. As much 5-1/2" casing as possible will be pulled. The perforations will be covered with gravel and 15 sack cement plug will be placed above the perforations. A 15 sack plug will also be placed at the bottom of the surface pipe and a 10 sack plug will be spotted at the surface.
