Attention Mr. H. H. Morrell,  
 Associate Petroleum Engineer

Gentlemen:

Re: Thomas C. Hower-Springdale-South Unit,  
Logan County, Colorado

Mr. Thomas C. Hower, whom we represent, has referred your letter of August 12th to me.

Mr. Hower's purchase from Shell Oil Company was effective July 1, 1966. Effective the same date, Mr. Hower has sold of of the interest which he acquired from Shell in the captioned property to Okmar Oil Company, Sheldon K. Beren, and Robert M. Beren. Okmar Oil Company has operated the property from the date of Mr. Hower's purchase and will continue the property. I am forwarding a copy of your letter of August 12th to Okmar with a copy of this letter, and you will be hearing from them shortly. Okmar maintains an office in Denver.

Okmar will file the necessary forms and reports with your office. If this is done, I assume nothing further will be required from Mr. Hower. If this is not correct, please contact me.

Yours very truly,

*David L. Fist*

Tulsa, Oklahoma 74103

Dear Mr. Hower:

We have been notified by Shell Oil Company that you purchased the Springdale-South Unit, Logan County, Colorado, effective July 1, 1966.

To date we have not received the necessary forms and reports from you concerning this change of ownership. Apparently you are a new operator in Colorado, and may not be familiar with our requirements. We are therefore enclosing forms that will be necessary for you to fill out and submit as soon as possible. These are as follows:

1. Form 1 - Designation of Agent (This is for our office, and only one copy is required)
2. Form 3 - Bond (A \$2500 bond is necessary on each drilling, producing, or injection well. A \$10,000 blanket bond may be filed in lieu of the individual bond. This larger bond would cover all of your wells in Colorado).
3. Form 4 - Sundry Notice (This form should show the change of ownership in all your non-producing wells, i. e. water injection or temporarily abandoned wells that are not yet plugged.)
4. Form 7 - Operator's Monthly Production Report (This form is due on or before the 25th of each month, showing production for the previous month. Your first report will be due August 25th, showing production for the month of July).

Mr. T. C. Hower

- 2 -

August 12, 1966

5. Form 10 - Producer's Certificate of Clearance  
(This form authorizes the transporter to transport oil or gas from each of your producing wells).
6. Weekly Production Report (This report should show your daily average oil production for each field, ending Saturday, and we should receive the report in our office by Tuesday morning of each week).

We are presently out of copies of our Rules and Regulations, but will have them available in the near future and will send you a copy.

If you have any questions concerning the above, please contact us.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

H. H. Morrell, Associate Petroleum Engineer
