General Comment:

Surface Cementing Inspection/Sound readings for complaint 200446279 that were in compliance with COGCC Rules on the night on 9/25/2018. See attached photo for rig lights the night on 9/19/2018, also in compliance. Photo was taken from the top of the access road on west side of location so the stand light was facing west and not toward the complainant's house.

Complaint

Comment: [Complaint #200446279](#). Inspector took sound readings the night of 9/25/2018 prior to cementing. All readings were below COGCC noise action levels. Spoke with complainant on 9/26/2018 about when the rig would be gone and that was estimated from the time taken to drill surface.
